№ 04-17/16-499(106309)

"21" 05 2018 р.

**To the attention of Presidential Troika of COSAC:  
Chairperson of the Committee on  
European Affairs and Oversight of the  
European Funds of the National  
Assembly of the Republic of Bulgaria  
Mr. Kristian Ivanov VIGENIN**

**Dear Mr. Vigenin,**

On behalf of the Committee of the Verkhovna Rada of Ukraine on European integration let me express the assurances of my highest consideration and address you with regard to the following.

Having concluded the Association Agreement with the EU Ukraine has confirmed its European choice and stepped on the invariable reform path. As stated in the Article 4 of the Agreement the aim of the political dialogue between the Parties is to deepen the political association and increase political and security policy convergence and effectiveness. We consider COSAC format as one of the effective tools to develop political dialogue at the interparliamentary level.

The role of the national parliaments of the Member States has always been decisive when implementing necessary reforms during the pre-accession period. Exchange of the relevant experience is of a paramount importance for Ukrainian Parliament and in particular the Committee on European integration which plays a crucial role in the legislative support of the pro-European reforms.

Having this in mind we kindly ask you to consider possibility of inviting the Chairmanship of the Verkhovna Rada Committee on European integration for the upcoming LIX COSAC Plenary meeting to be held on the 17-19 of June this year in Sofia.

**Sincerely Yours,**

**Deputy Chairperson  
of the Committee of the Verkhovna Rada  
of Ukraine on European integration**

**Mariia IONOVA**
